Manager

This was a family business which operated a Heavy vehicle workshop. The workshop performed 24 hour breakdown services for both mechanical issues as well as truck tyres. At our peak we had a staff of 8 people of which we had a workshop manager, 2 qualified mechanics, 2 trades assistants and 1 tyre fitter and 2 office staff. We serviced our fleet customers tyre and mechanical needs from our 600m2 shed and went onsite with our service vehicle. We also were responsible for the fleet management of a family owned fleet of B-Doubles running to Melbourne and Sydney daily. At the time my time was divided between managing the business and performing actual mechanical work.

Key Highlights

- Experience with all forms of Truck and Car Tyre fitting
- Experience with all Approved inspection station requirements
- Experience with parts inventory management
- Experience with payroll and employee disputes
- Experience with mechanical repairs on vehicles ranging from light automotive to prime mover and semi-trailers.
- Experience with deadlines and managing customers' expectations.
- Experience in diagnosis and fault finding.
- Experience in part replacement
- Experience in servicing
